

## **RECOMMENDATIONS FOR THE USE OF PERSONAL PROTECTIVE EQUIPMENT BY HEALTH PERSONNEL IN THE EVENT OF SUSPECTED, PROBABLE, OR CONFIRMED CASES OF COVID – 19**

This document provides recommendations to reduce the risk of COVID-19 in health personnel who participate in the attention of suspected, probable, or confirmed cases of this disease, and in cleaning staff working in areas targeted for COVID. In addition, provides guidelines about the procedures to follow for the correct use of personal protective equipment (PPE), which include knowledge about the type of equipment, procedures to put on and take off correctly the PPE, and about the reuse or dispose of this equipment.
